

The Berkeley Center for Theoretical Physics, a joint Center of the University of California at Berkeley and the Lawrence Berkeley National Laboratory, invites applications for several Postdoctoral Fellows to begin in the Fall of 2010. We encourage applications in all areas of particle physics, including connections to the early universe. The fellowships will be awarded initially for 2-3 years, and occasionally an extension to a total of 5 years may be made. Information about our research group can be obtained from the web sites
