

B Physics at the Tevatron

Run II & Beyond

Welcome back!

The moment we've been waiting for:

- theorists are back
- reports of studies / simulations
- time for constructive criticism

Mid term meetings were very helpful

Logistics

WG1	CP Violation	One West
WG2	Semileptonic + rare	One East
WG3	Mixing + lifetimes	One North
WG4	PFS	Comitium (WH2SE)

Computer terminals on WH7NE 7am-11pm

Speakers: give transparencies to conveners
or e-mail .ps or .pdf to ligeti@fnal.gov

Conveners: give speakers' slides to Zoltan, me,
or Laura Sedlacek (WH3E)

Wilson Hall reconstruction

Reception in Kuhn Barn

Workshop aims:

1st draft May 10
final draft June 15

let's not drag things out.

Therefore, sort projects into

- those that must/can be completed
- those that could be abandoned

so that resources can be focused.

Talks on broader context of flavor physics
